1) PROJECT INFORMATION

Field of expertise related to the topic: Orkestra team promotes transformative research. This type of research is defined by analysis, reflection, evaluation and the proposal of actions, in a permanent form, aimed at providing innovative answers for the resolution of the challenges considered, while research knowledge is acquired.

To this end Orkestra, who since its beginnings has been an example of success in public-private cooperation, works with a large number of networks, businesses, governments and institutions on numerous projects. In this way, aside from being an agent of change to drive competitiveness in the Basque Country, it has become today an international model in the analysis of regional competitiveness in a global environment.

Potential contribution to the project:

Orkestra studies and develops, from the action research perspective, the interaction between different agents in a territory with regards to its socio-economic development. It focuses on matters such as: multilevel government, intra- and inter-institutional coordination; public and private partnerships, the creation of social capital and the construction of shared and participatory territorial strategies.

Role in the project:

Research Dissemination Other
