Research and Study Centre
research and education in biomedicine from genes to human

HOST OFFER FROM LATVIAN BIOMEDICAL RESEARCH AND STUDY CENTRE

MARIE SKŁODOWSKA-CURIE INDIVIDUAL
FELLOWSHIPS 2018 CALL

Latvian Biomedical
Research and Study Centre
research and education in biomedicine from genes to human

The **Latvian Biomedical Research and Study Centre** is searching for experienced researchers of any nationality interested in submitting a joint application for the following Horizon 2020 actions:

MARIE SKŁODOWSKA-CURIE INDIVIDUAL FELLOWSHIPS 2018

- Standard EF [MSCA-IF-EF-ST]
- Global Fellowships [MSCA-IF-GF]
- Society and Enterprise panel [MSCA-IF-EF-SE]
 - Reintegration panel [MSCA-IF-EF-RI]
 - Career Restart panel [MSCA-IF-EF-CAR]

More information about mentioned IF calls can be found at:

About Latvian Biomedical Research and Study Centre

At this moment Latvian Biomedical Research and Study Centre employs more than 120 (13 scientific groups) scientists working in five key research areas –

- 1. human genetics and disease mechanisms;**
- 2. cancer research;**
- 3. biotechnology and structural biology;**
- 4. molecular microbiology and virology;**
- 5. molecular pharmacology and drug targets.**

About Latvian Biomedical Research and Study Centre

- The research and infrastructure is supported by funding from the Latvian Council of Science, Ministry of Education and Science, various European funding programmes like the European Social Fund, European Regional Development Fund, Horizon 2020, 7. Framework.
- Well equipped laboratories and excellent research teams are the foundation of the Latvian Biomedical Research and Study Centre.
